H. D. REHBERG
MANUFACTURER OF
NATIVE WINES AND CATAWBA BRANDY

Middle Bass, O. Jan 21st 1895.

Mr. A. M. Woolson,
Toledo, O.

Dear Sir,

Your note just came
down to hand, I am ever now at
a loss to give you a statement
or a plan, as you would like to
have, as I am a poor Englishman
& met and saw Mr Brady about
it he informed me that you had
written to him in regard to it but
that he was just at present so
busy putting up I see that he
had not a moment to spare
but he has promised me to
come down some time this week
and look it all over and make
a drawing of it for you,
Mr Brady is the only Carpenter
we have on the Island

Now Mr Woolson I could easily
give you the dimensions of the Cottage
both inside and out, the height of
the ceiling & distance between
windows, &c. &c. and would be pleased
to do so if that would do you any
good, but as Mr Brady has promised
to make the plan this week I had
better let him do it so as to avoid
mistakes, Mr Brady sees as though
there is plenty of time as you
could not have any thing done
to the Cottage, anyhow until
Navigation opens as there is no
way to get the necessary material
to do it with until then, as
we have no lumber yard to go to
here.

After Mr Brady sends you the plan
should there is any thing more you would
like to know or any thing at any
time please dont hesitate to write
to me, as I will be pleased to do
any thing I - can for you
Yours very truly
H. W. Rehberg
